

Season 1 Episode 11

The Fusion that Could Have Been

Arcturus is in his giant bedroom with a large plasma screen TV in front of him. Arcturus eats fried chicken while watching cable TV from America. A special about Captain Fusion comes on. Young Captain Fusion enters the screen and a voice said, "Captain Fusion. The man of the decade in the 60's and 90's. He has rescued generations of people and he has given a lot to our community." Captain Fusion is shown fighting bad guys and rescuing people and making donations to various causes. The narrator said, "Captain Fusion is a legend that everyone knows. What a lot of people don't know is how this legend came to be. Surely it could not have happened overnight." Captain Fusion is shown in an office doing office work. The narrator said, "The story really began in 1962 when Captain Fusion was just a measly Phillip Williams that did not have much going for him. He would spend countless hours everyday while his brother ordered more and more paperwork from him." Philip's brother slams large loads of paperwork on Philip's desk. The Narrator said, "Surely this was not the life for Philip so he quit his job the next day and ended up with a mad scientist called, Dr. Waxler." Philip is shown quitting his job and joining Dr. Waxler. Philip is strapped to a machine in an eerie mansion and he gets a serum injected into his bloodstream. Philip Williams is shown becoming stronger and he breaks free and the feds barge in the place. Philip Williams escapes the place. The Narrator said, "Some of the experiments that Dr. Waxler performed violated the Geneva Convention so the feds raided his place and Philip managed to escape. He then trekked through the woods and found Admiral Lightning's place where Philip was trained in the art of being a superhero. He then made his iconic suit in a matter of minutes and saved the world from a nuclear threat. This is how we got the Captain Fusion we all know and love. He got to promote products and he earned a lot of money and he earned the key to the city of San Francisco. He is recognized as the greatest hero of the 20th century. Anyone would kill to have been in the place he was in where he got his power. Too bad time travel does not really exist to us regular folk."

Arcturus thinks and he said, "I have time travel. I can find where that time and place was and I can make myself get the augment serum and I can become Captain Fusion rather than that scrawny Philip Williams. This may be my best plan yet." Arcturus steps into his time machine and he sets it for San Francisco in 1962. The machine flashes and Arcturus is brought there.

Arcturus is in the streets of San Francisco in 1962 and he looks down the streets and he finds Dr. Waxler. Arcturus runs to him and he said, "Dr. Waxler." Dr. Waxler said, "Are you the king of some royal country I stole from?" Arcturus said, "No, I am actually interested in your work. I understand you have some kind of augment formula serum." Dr. Waxler said, "How did

you know about that?" Arcturus said, "I know my way around things." Arcturus hands Dr. Waxler a briefcase filled with hundred-dollar bills. Arcturus said, "Give me some of that serum."

Justice Knight is in the San Francisco Park with Yuio and Krysta. Krysta said, "Why did you bring us here again?" Justice Knight said, "We needed a vacation from all those battles we've had so what better than to spend them here in one of my favorite American cities, San Francisco." An old lady has her cat stuck in a tree. Justice Knight jumps and lands in front of her. Justice Knight said, "Fear not! I will rescue your cat." Arcturus as Captain Fusion jumps in the tree and he grabs the cat and he brings it to the old lady. The old lady said, "Thank you, you are..." Arcturus said, "I am King Arcturus. I am a new superhero around here. I will serve this place for decades." Justice Knight turns to King Arcturus and he said, "No you are not. This is just another one of your scams to get the world to empty their wallets for you." King Arcturus takes out one of his gadgets and he said, "There seems to be a bank robbery nearby. I don't have time to socialize with fans right now." Arcturus zips off. Krysta said, "What's wrong here?" Justice Knight said, "A lot of things. We have some research to do."

Justice Knight and friends are at his lair looking through books and watching archives. They look at the books showing Arcturus as Captain Fusion and doing most of the same things that Captain Fusion does. Krysta said, "It looks like Arcturus stole Captain Fusion's life." Yuio reads some of the comics and he said, "It looks like Arcturus has a scheme that goes far beyond the pages of any comic." Justice Knight said, "It looks like he kept this game going on for years. According to this book, it looks like Arcturus ended up not donating a single cent of his money and most countries became dependent on him. They became so dependent that Arcturus ended up owning most of them and he is genetically augmented so he is stronger than most average people." Krysta said, "Stealing someone's life and then ruling the world with their power? I've never seen anything so despicable in my life." Justice Knight said, "That's why we exist. To put an end to Arcturus' schemes and restore things to how they are supposed to be. You know the drill."

Justice Knight and friends travel to San Francisco in 1962 on the eve of Philip Williams becoming Captain Fusion. Justice Knight said, "He usually goes to a diner afterwards. The two of you will get your disguises on and meet him there. I will see Dr. Waxler." Justice Knight dashes off to meet Dr. Waxler. Justice Knight knocks on Dr. Waxler's door and Dr. Waxler opens it. Dr. Waxler said, "How may I help you?" Justice Knight said, "I am Justice Knight. I hear you have an augment serum." Dr. Waxler said, "I'm not giving it to you." Justice Knight said, "I don't want it. I know someone that needs it. There is a Philip Williams. You will run into him tomorrow and you will give him the serum and it will spark a legend that will last for generations to come." Dr. Waxler said, "It is not for anyone. Someone bought my entire supply the other day." Justice Knight said, "Who was it?" Dr. Waxler said, "I can't just tell you who it was." Justice Knight draws his sword at Dr. Waxler. Justice Knight said, "You will tell me who." Dr. Waxler snaps his fingers and battle robots enter the scene. They fire pellets at Justice Knight and Justice Knight deflects the pellets and he stops and they continue to fire pellets at him and the pellets just bounce off his armor and do nothing. Justice Knight slashes his sword at all the robots and destroys them. Justice Knight said, "I will find out. No defence you have

can keep me out.” Dr. Waxler said, “He’s here right now.” Justice Knight turns around and he sees Arcturus as Captain Fusion. Arcturus said, “You needed me fine creator?” Dr. Waxler said, “Arcturus, get this man out of here.” Arcturus said, “Sure thing master.” Arcturus and Justice Knight fight. Arcturus throws some punches and Justice Knight blocks them with his sword. Arcturus throws a punch and it hits Justice Knight in the face. Arcturus picks up Justice Knight and throws him out a window. Arcturus jumps out the window too and he fights Justice Knight some more.

Krysta and Yuio are at the diner where Motown music plays. They see Philip enter the place and take a seat. Krysta and Yuio join him. Philip said, “Leave me alone. I don’t like people from the office that come to tell me I need to do more. That’s all I ever did.” Krysta said, “We’re not from your office. We are from the future. You have a very bright future ahead of you. You just need to me Dr. Waxler tomorrow and quit your job.” Philip said, “How do you know this for sure.” Krysta said, “Come on. We all know you hate your job. Everyone knows that.” Philip points at Yuio and he said, “What’s that guy’s deal?” Krysta said, “Yuio is a dragon. You will be seeing plenty of those in the future. You will be a great friend to all of us.” Philip said, “I don’t trust you.” Philip gets up and leaves. Krysta follows him out the place and Philip gets in his 1961 Firebrand. Yuio picks up the Firebrand. Yuio said, “I think we need to take this to the next step.” Krysta said, “Our boss would normally be against that but, I think it is necessary.”

Krysta and Yuio take Philip through a portal and they appear in Justice Knight’s lair in Azureis. Philip looks amazed and he said, “What is this place?” Krysta said, “This is the lair of Justice Knight. You see, his greatest enemy has stolen your chance at becoming a hero. We are all working towards fixing that.” Philip sees a painting on the wall of Justice Knight. Philip said, “Is that Justice Knight?” Krysta said, “It sure is. We also have timeline resistant photos of you and Justice Knight.” Krysta shows Philip the photos of old Captain Fusion and Justice Knight fighting off bad guys and saving people. He is also shown a photo of him teaching superhero tactics to Jason and Mason. Philip said, “It looks like I really do have a future ahead of me.” Krysta said, “You sure do.” Justice Knight’s time machine goes crazy and Arcturus as Captain Fusion jumps out of it. He said, “I thought I would find you here. It is time you stop messing with my plans.” Arcturus fights Krysta. Krysta does some karate moves on Arcturus and they do nothing. Arcturus grabs Krysta by the foot and he flips her back. Yuio jumps at Arcturus and he gets ready charge at him and he charges and Arcturus grabs Yuio by his nose and he swings him around the place and he releases Yuio and Yuio gets smashed into a wall. Arcturus ties Yuio and Krysta together in chains. Arcturus said, “This is where you shall be.” Arcturus looks at Philip and Arcturus said, “Are you really going to listen to these fools. You are meant to be nothing more than a mere office worker.” Arcturus leaves the place and goes back to 1962 or whenever. Philip tries to undo the chains. Krysta said, “Don’t listen to Arcturus. This is why you need to go back there the day before this happened and stop this.” Philip gets a stern look on his face. Philip said, “I will.”

The next day, Philip shows up to work where he is pushed around and given more work by his peers. Philip said, “I won’t take this anymore! I quit!” Philip leaves the scene and he

meets Dr. Waxler in the street. Dr. Waxler invites Philip to come along with him. Dr. Waxler said, "I will sure take you as my lab rat. Otherwise a knight will come and destroy my hard work." They show up at the lab in Dr. Waxler's mansion. Arcturus as Captain Fusion watches them. Arcturus takes out a clipboard of check and tally and he said, "This is the nth time I've had to travel here to stop this event from happening. If only I can get Justice Knight off my back again." Justice Knight is behind Arcturus. Justice Knight said, "You are not messing up history again." Arcturus turns to Justice Knight. Arcturus said, "Justice Knight, you..." Arcturus uppercuts Justice Knight and Justice Knight roll down a hill and he lands on trail to Dr. Waxler's mansion. Arcturus jumps in front of Justice Knight and he is about to head off to the mansion. Justice Knight uses his sword and he stops Arcturus as Captain Fusion. Arcturus elbow Justice Knight and Justice Knight drops his sword and Arcturus goes running. Justice Knight runs for Arcturus and he grabs onto Arcturus' feet and he drags him to the ground. They smack each other some more. Arcturus notices his attacks are doing less damage.

Philip is brought to a table and a serum is placed in his bloodstream. Arcturus sees this from outside. Arcturus is about to smash the window and he punches the window and it vibrates and his fist grows large in pain. Justice Knight gets his sword back and he aims it at Arcturus. Justice Knight said, "Give up yet?" Arcturus said, "You already know the answer." Arcturus waves one of his hands around and an army of evil knights show up. Arcturus sends all of them at Justice Knight. Justice Knight fights a few of the evil knights off. Arcturus stands to the side and watches. Justice Knight fights off a few more of the knights and they crowd around Justice Knight and a fight cloud forms. Justice Knight loses his sword again and more of them chain Justice Knight to a tree. Justice Knight gets up and he uses his might and he rips the tree out of the ground and it falls over and knocks down more of the knights. Arcturus said, "Why do I pay you idiots to do a job I should have?" Arcturus takes out his sapphire sword of injustice. Justice Knight gets his sword back. Justice Knight and Arcturus clash their swords together.

Justice Knight slashes his sword at Arcturus and Arcturus blocks it and he slashes his sword at Justice Knight. Justice Knight blocks the sword. Arcturus jumps over Justice Knight and he slashes the back of Justice Knight. Arcturus and Justice Knight clash and lock their swords together. Arcturus stops applying force and he drops his sword on Justice Knight and Justice Knight is stuck on the ground under the sword. Arcturus said, "Only he who is worthy can lift the sapphire sword of injustice." Justice Knight squirms around and he cannot get up. Arcturus said, "Now I am going to stop this event again for the nth time and I will be the new Captain Fusion..."

Captain Fusion said, "We'll see about that." Arcturus turns around and he sees Philip Williams as Captain Fusion. Arcturus said, "What how?" Arcturus sees all his special strength is disappearing. Arcturus said, "You!" Captain Fusion said, "Time is like a pond. You can disrupt it all you can but what is, is what is. You cannot change fate." Arcturus goes to fight Captain Fusion and Captain Fusion knees Arcturus in the gut and he grabs him by his foot and he throws Arcturus into the woods. While Arcturus is in the air, he takes out a harpoon gun and he shoots it at the ground and he zips back to the ground and grabs his sword. He then swings

it at Captain Fusion and Captain Fusion dodges all the swings. Justice Knight creeps behind Arcturus and Justice Knight drills Arcturus into the ground. Justice Knight said, "Forgot I was stuck under your sword?" Justice Knight and Captain Fusion shake hands. Captain Fusion said, "I see this is the start of a friendship to last generations." Justice Knight said, "It sure is." Justice Knight grabs Arcturus and takes him back to Azureis.

Justice Knight is in his lair with his friends. Yuio looks over the comics and Krysta looks over the records. Krysta said, "It seems as if everything is back to normal as if nothing happened." Justice Knight said, "We did our jobs again. Arcturus has failed and now history can run as fate has determined." Yuio reads a Captain Fusion comic and Yuio said, "This comic series is still fresh after all these years." Justice Knight said, "When you have something that good and that versatile, it could very well go on for several decades."
